

# Balm in Gilead

## Lighting Technician Running List

### Jamie McQueen

---

#### Electrics Department Pre-Show Checks

- Ensure isolation form has been submitted and venue is isolated
- Turn on smoke machines at DSR and DSL portals
- Check smoke machine fluid levels
- Switch on stage and gantry 13A sockets for fixtures
- Switch on gantry blues birdies
- Power up desk and ensure non dims are turned on (green macro button)
- Perform a full rig check
- Perform a full comms check

---

#### Running List

WHERE	CUE	WHEN	ACTION	NOTES
DSR Switch Panel	1	Dopey - 'We're gonna call intermission here'  (S/B following banjo song)	Turn working light on	During banjo song, head to DSR vestibule area and put on cans set. Wait for DSM cue to enter venue using the wing door of the vestibule, not the one toward the seating bank
DSR Switch Panel	2	Drummer throws sticks high into the air and catches them	Turn working light off	At beginners, go to vestibule area as before and put on cans. Enter in same way as Q1 when cued by DSM to do so. Cue should go immediately as the sticks hit his hand

---

## Electrics Department Post-Show Checks

- Save the show file
- Turn off non dims (**red** macro button), power off desk and put dust cover on
- Turn off smoke machines at DSR and DSL portals
- Switch off stage and gantry 13A sockets and birdies
- Check whole room is powered off and turn off working light
