**Information on ERASMUS+ teaching mobility (STA):**

Application:

- artistic biography
- outline of main topic of master class
- info on dates for realisation

Procedure:

ERASMUS+ partners are kindly invited to present complete ERASMUS+ STA applications of their faculty members interested in STA to the International Office (Ms. Sabine ROTH) of the mdw.

Any decision (acceptance or refusal) taken by the concerned mdw instituteS is reported back by our International Office to the International Office of the partner institution; in case of acceptance, direct contact for preparing and realizing the STA is provided.

Kindly ask your mobile teacher/s to book in good time a hotel accommodation once their suggestion for STA has been approved by the mdw. A list with some hotels can be also provided, if so desired.

On request the International Office makes out a confirmation of successful completion, and signs the mobility agreement on behalf of the hosting institution.

As a rule, the outsending institution is responsible for providing all needed documents, including valid (or extended) Inter-Institutional Agreement, in due time.
