

German Classes at MDW

All students are required to do a free language level placement test at the beginning of the term.
Taking part in the course depends:

- 1) on the available (German Class) study places and
- 2) if the student will be assessed as having A1 or B1 level. Kindly be informed that A2 or B2 levels are currently not offered by the mdw. There are multiple language institutes in the city of Vienna, offering courses (with ECTS) also for the other language levels.

The German Language Course at the mdw is not part of the regular curriculum and has extra costs of EUR 350,- per semester. Our International Office supports all ERASMUS+ students with a partial refund of 115,- EUR at the end of the semester, if the student has passed the course and has attended the course regularly. Our International Office offers the same type of financial support (1rd of the total language course fee refundable, but not more than 115,- EUR per semester) also for language courses that were successfully followed by ERASMUS+ incoming students in other language institutes in the city of Vienna.
